DARASIMI AJAYI

Halifax, NS | LinkedIn

782-409-0491| Dajayi@dal.ca

GPA: 4.15

EDUCATION

- **Bachelor of Computer Science, Dalhousie University   2023-2027**
  - Taken courses in Database Systems, Data Structures and Algorithms, Web Development, and Software Development.
- **High School Diploma, Oba-Akinbiyi High School   2015-2021**

CO-OP STATUS

- Completed 3 of 8 semesters as of Winter 2024
- Seeking a 4–8-month work term in Fall 2024.

SKILLS

Technical skills: Java, Python, C#, MySQL, Spring Framework, Tailwind, React, Git, Java Script

Interpersonal Skills: Communication (earned through working with groups on projects and assignments), Time Management, Oral and Written Communication, and Group Collaboration.

PROJECTS

- 16 Bit Computer Personal Project:
  - Designed and built a 16-bit computer as a project while taking an intro into computer systems course in 2023, as a personal project.

- Managed the project effectively and worked to achieve project milestones.
- Tracked progress throughout the project using development milestones managed by the productivity app NOTIO.
- Dealt with issues faced when working on the project, such as designing an efficient multiplication circuit for an ALU in the CPU by conducting controlled research of different existing multiplication circuits.
- Learned how to debug code written in binary by tracing out program logic by hand.

OTHER EXPERIENCE

- **Store Worker**, Tim Hortons   (April 2023 to Present)
  Halifax, NS
  - Worked well with other team members regularly to deliver high and consistent customer service.
  - Greeted customers when entering the store, took their orders, and recommended deals or promos when available, while providing excellent customer service.
  - Performed both opening, closing, and overnight procedures at the highest standards regularly.
  - Awarded employee of the year and a gift card from the owners, in recognition of my efforts in providing great and consistent customer service and always being punctual at work.
